Experience

WEB DEVELOPER | FREELANCE | JAN 2023 – TILL DATE

- Built layouts according to customer parameters using HTML5 and CSS3.
- Designed visual and graphic images to use on multiple platforms.
- Maintained strong education in latest technologies, software and hardware products for use in various projects.
- Reviewed information and elements regularly on websites and pages for accuracy and functionality.
- Gathered, defined and translated client requirements into product stories and actionable tasks.

UI/UX DESIGNER | FREELANCE | SEP 2022 – TILL DATE

- Generated UX concepts such as tasks analysis, storyboards and use cases to accelerate user flow.

- Worked with technical leads, engineers and designers to develop dynamic client-side web applications across various areas of business.
- Created and improved visual designs to catapult websites forward in terms of looks and usability.
- Developed models based on physical, logical and data-driven models.

SENIOR GRAPHIC DESIGNER | MEGA HEIGHT ENTERPRISE, PANKRONO - KUMASI | SEP 2018 – DEC 2020
- Managed multiple design tasks with short deadlines by prioritizing job responsibilities, overseeing deadlines and monitoring junior designers.
- Enhanced design process by offering multiple solutions in conceptual models, layout and typography.
- Designed mockups and wireframes utilizing graphics software skills.
- Generated digital image files for use in digital and traditional printing.
- Worked with customers to present mockups and collect information for adjustments.

Accomplishments

- Winner of the Maiden Computer Science and Information Technology Students' Association (CITSA) Design Challenge
- Awarded Winner for the Maiden Edition of Computer Science for Social Innovation Program (CS4SI) organized by Hapaweb Solutions, Google and Center for Social Innovations in June 2016 - February 2017.
